

Name _____ Date _____

Apply

Read each group of statements below, and then draw a conclusion based on the clues.

3. This sport uses two long, flat sticks on water. It is impossible to do when the temperature is below 32 degrees Fahrenheit. A good grip is essential. What is this sport? _____
4. It only comes around once a year. People do not remember the first time it happens to them. Surprises are often part of it. What is it? _____
5. They produce something sweet and sticky that people like to eat. They are ruled by a queen. Do not make them mad, or you will be sorry. What are they? _____
6. It runs in circles all day long. Sometimes it has three hands, but it only needs one face. The closer you watch it, the slower it seems to move. What is it? _____

**Now write your own description of something without naming it.
See if a classmate can draw the right conclusion.**
