# Word Relationships

## Focus

As you read, you will notice that many words relate to each other because they are about the same topic. These **word relationships** can give you clues about the meanings of unfamiliar words.

## Practice

Read each group of words below. Describe the relationship they have on the line that follows.

- |             |               |            |              |          |
|-------------|---------------|------------|--------------|----------|
| 1. tire     | oil filter    | windshield | exhaust pipe | _____    |
| 2. daisy    | rose          | hibiscus   | carnation    | _____    |
| 3. Columbus | Lewis & Clark | Magellan   | de Soto      | Fremont  |
| 4. weeding  | fertilization | irrigation | harvesting   | _____    |
| 5. bowling  | tennis        | curling    | rugby        | baseball |
|             |               |            |              | _____    |
