

Dear Parents or Guardians of Mrs Dean's Class,

Exciting News! We will be using VocabularySpellingCity in our classroom and at home. You can access VocabularySpellingCity by visiting their website at www.spellingcity.com or by downloading the [VocabularySpellingCity app](#) for use on Apple, Android, and Kindle devices.

VocabularySpellingCity is a website and mobile app that helps students learn their weekly vocabulary and spelling words while having fun at the same time.

I will post spelling lists directly on our classroom's homepage which students can conveniently access from home. There, they can review their words and play spelling games to reinforce the learning process.

You can find our class' vocabulary and spelling lists by going directly to my VocabularySpellingCity homepage at www.spellingcity.com/vdean You can bookmark this URL on your computer to make it easy for your child to access the class' word lists! Your child **does not** need to log into the site to access my homepage. User name and password: student ID number

The spelling lists will appear on the left side of the page below my Welcome Message & Daily Instructions.

To access the activities and games, click on the List name and then select either the **Spelling Test, Teach Me** or **Play a Game** button located above the word list.

Working together as a team will go a long way toward not only guiding our students to academic success but also ensuring that they become independent lifelong learners.

Respectfully,

Vickie Dean
